TRIBORO ECODISTRICT UPDATE

Etna has joined forces with our neighbors, Millvale and Sharpsburg Boroughs to form the TriBoro EcoDistrict. This has been the result of more than a year and a half of planning, discussions and collaboration. Our joint venture has been rewarded with a 2.3-million-dollar grant from the Henry L. Hillman Foundation. It is a partnership amongst the Etna Economic Development Corporation (Etna's 501c3 corporation), Millvale based New Sun Rising and the Sharpsburg Neighborhood Association. There are individual projects in each of the three communities and then common projects and goals across the three neighborhoods.

Some of Etna's projects include the completion of the Etna Riverfront Park and Trail along the Allegheny River, a solar installation with a carport and car- charging station at the Garden of Etna on Locust Street, and two years of Eco District Education and Planning through community meetings. Eco District is a planning process for the implementation of sustainable practices within a community. To become certified, results are measured in the following six categories: air quality, water quality, energy use, food availability, mobility and social equity. Three community meetings have already been held, one in May on Eco Districts (101), one in June on Water and another in July on Mobility and Air Quality. The remaining community meetings are as follows: Wednesday, August 8 – ENERGY; Wednesday, October 3 – FOOD; and Wednesday, November 7 – EQUITY. All meetings are held at the Fugh Hall, courtesy of our wonderful volunteer Fire Department from 6:30 to 8:30 p.m. These meetings are free, OPEN TO EVERYONE and food and drink are provided. If one of the remaining subjects interests you – or if they all do – come and join us to help plan a more sustainable future for Etna Borough. For more information, please go to www.facebook.com/EtnaCommunityOrg. There are other projects including an energy themed art project in conjunction with students from Shaler Area. Air quality monitoring will also begin with a monitor in the heart of our business district. We are thrilled to be a part of this venture and grateful to the generosity of the Henry L. Hillman Foundation for providing us this wonderful opportunity to help our community be more sustainable – so as we say "HERE WE GROW".

FRIENDS OF THE RIVERFRONT MOVES INTO ETNA!

We are thrilled to announce that Friends of the Riverfront (FOR) now call Etna home! They moved into our community in July into an empty storefront on Freeport Street, right next to our Rain Park!! Since its inception in 1991, FOR has been a pioneering organization working to protect and restore the Pittsburgh region’s rivers and riverfronts after decades of legacy pollution. The Three Rivers Heritage Trail now encompasses over 25 miles of urban riverfront trails along both banks of the mighty Allegheny, Monongahela, and Ohio Rivers. Today, the organization focuses efforts on extending the Three Rivers Heritage Trail from where it currently ends in Millvale, north along the Allegheny Valley corridor to Freeport, Pennsylvania. All 17 municipalities along this corridor participated in discussions and planning for the eventual Trail and engaged with Allegheny County back in 2011 when the County Trail Study for this corridor was initiated with a goal of connecting with the City and to Freeport as part of the Erie to Pittsburgh Trail. The organization is also expanding its programming into technology solutions for both trail users and trail maintenance as well as ensuring access, equity and connectivity for all. FOR relies heavily on volunteers to help keep the Three Rivers Heritage Trail beautiful and safe. In 2017, the organization leveraged the assistance of 1500 volunteers through various events. If you are interested in volunteering for Friends or joining as a member, contact Executive Director Valerie Beichner at valerie@friendsoftheriverfront.org. In speaking with Valerie, she shared “since moving into our new office space on July 2nd, we have been met with nothing but generosity and kindness from the Etna community! We are proud to be relocating our headquarters here and look forward to working shoulder-to-shoulder with the local businesses and community leaders toward a strong and prosperous Etna”. We welcome Friends to Etna and look forward to a long and strong relationship!

A FEW NEW FACES AROUND THE OFFICE

Have you met the new Economic Development Coordinator and Assistant to the Manager, Jess Jankowski yet? Jess started here a few days a week in March, while finishing up graduate school at Pitt. It was clear after a few weeks’ time; her skills were just what we needed! Jess graduated at the end of April on a Friday with a degree in Public Administration and began her full time position here with the Borough the following Monday. She has been managing the September Art Tour, the rain barrel program, the Military Banner program and a myriad of other exciting projects, including working on the Pine Creek Connector Bike Trail grant. This grant will pay for a consultant to prepare a Bicycle Route along Pine Creek from Kiwanis Park in Shaler to the site of the proposed Etna Riverfront Park and Trail. Stop in and say hello to Jess!

Jess is also managing our summer intern program. We were fortunate enough to acquire the services of Kara McFadden, a Pitt student as well, first year, through the Local Government Academy Summer Intern Program, which pays for half of the salary. Kara is working with Jess on a marketing and branding strategy for Etna, primarily our central business district. This was part of the implementation plan for the Market Study conducted by Urban Partners, through a Heinz Foundation Grant to the Etna Economic Development Corporation in partnership with the Borough. Kara will be here until late August.
DOG WALKING IN ETNA

With the warmer weather, we have been getting an increase in calls regarding people out walking their dogs and not always cleaning up after those precious pets. Well, did you know that Dougherty Nature Trail that encircles the Veteran’s ballfields is an AWESOME place to walk your dog?! It is equipped with Doggie Bag Stations and trash cans, making it a quiet, peaceful and simple place away from traffic and congestion to walk your furry friend. It is a favorite of many of our pet owning residents as it is shaded and cooler than out in our urban environment, making it enjoyable for you and your pet and cleanup is a breeze as we provide the bags! You may have even noticed, there is even a place to safely dispose of your fishing line, as this is also a popular spot for fishermen in the community! Everything tucked away behind the field!

150TH BIRTHDAY BASH RIGHT AROUND THE CORNER!!

Did you get your tickets yet to the Cocktail party, Friday, September 16th? Only $30.00 per person gets you food, fun, cocktails and camaraderie with perhaps some old school mates or neighbors! Tickets are still on sale at the municipal building.

How do you like our commemorative Tee Shirt? Only $20.00 also on sale now in the Municipal Building! A full schedule of events is included in this newsletter, which starts with the birthday bash on Sunday, September 16 at Fugh Hall – come sing Happy Birthday with us – and have some cake!

We are collecting small items – no larger than 4 inches by 6 inches – to be placed in a time capsule! We intend to have a ceremonial burying of the capsule as a recap of the event! If you have something you would like to include, bring it to the birthday bash on the 16th at Fugh Hall!

GARDENS OF ETNA

Did you know that all the beautiful flower gardens around Etna are maintained by a hard-working group of volunteers who spend hours planting, mulching, weeding and watering! Yes! Aren’t they AWESOME!

We all get to enjoy those bright sunny colors all summer long thanks to their hard work. Every once in a while, someone vandalizes one (or more) of these lovely spots! Or maybe someone allows their dog to use it as an elimination station – which is a real surprise to someone weeding. This is very discouraging to these hard-working volunteers, so if you see someone doing anything they shouldn’t we ask that you let us know – or gently remind them of all the hard work that goes into these types of projects. It would be a HUGE expense if the borough had to hire a landscaping company to do this work. If you are into gardening and have a few hours to spare and would like to help this AWESOME group, send an email to the Borough Manager, meramage@etnaborough.org and she will put you in touch with them! THANKS!

RAIN BARREL INITIATIVE

In the May Newsletter, the Borough announced a program that will provide Etna Residents with a reduced price 116 gallon rain barrel as part of the Borough’s commitment to stormwater management, source reduction and our Green Master Plan. We still have rain barrels available, but they are limited. These rain barrels, if purchased individually, are normally $365, but this program provides the rain barrel and installation at reduced pricing based on the combined income of all adult residents in the household. Residents making $35,000.00 or less can receive one free; income between $36,000.00 and $50,000.00, the cost would be $50.00; $51,000.00 to $100,000.00, cost is $100.00 and $101,000.00 and above is $150.00, therefore PROOF OF INCOME IS REQUIRED (copy of your Federal Income Tax Return Forms). To apply for or inquire about the rain barrel initiative, please contact Jessica Jankowski at jiankowski@etnaborough.org or call 412-781-0569. A downspout disconnect permit application and downspout disconnect agreement will need to be completed along with a $10.00 permit fee. Upon receipt of application, the Public Works Department will contact the home owner to conduct an inspection to see if the home has an appropriate location for installation. Successful applicants will also receive a $5.00 credit off of their bi-monthly environmental sewer service charge for a three-year period, provided annual inspection shows the barrel is being operated and maintained properly. Successful candidates will also receive a free lawn sign for their yard that states “THIS HOME PROTECTS PINE CREEK AND THE ALLEGHENY RIVER”. We are proud to offer this program and provide an opportunity for individuals to help with solutions to the larger regional problem.

RECREATION PROGRAM

Water Aerobics continues every Tuesday and Thursday evening from 7:45 p.m. to 8:45 p.m. weather permitting. Cost is $3.00 for non-season pass holders, $2.00 for season pass holders and $1.00 for Etna Senior Citizens – PROOF OF RESIDENCY IS REQUIRED.

The Summer Free Reading Program continues this summer, sponsored by the Shaler North Hills Library, every Thursday from 2 p.m. to 3 p.m. through August 23. Join your friends for free books, prizes, stories, games and crafts.

Back by popular demand, the Allegheny County Parks Ranger Program comes to our community! These are two fun and interesting programs for all ages to participate in; August 15 from 2:30 p.m. to 3:30 p.m. join us for Skins and Skulls where participants will learn how to identify the furs and skulls of local species. On August 29, same time, Tracks and Scat will teach participants how to identify the paw prints and scat of local species.

The Etna Neighborhood Association’s last Free Movies in the Park at the playground this summer is on August 17 (movie to be announced later). Rain date is August 18. Begins at dusk at the playground! Free drinks and nachos!

Cops VS Kids Basketball Game is scheduled for Saturday, August 25 at 6:30 p.m. at the playground. This annual event draws a crowd with cheers on both sides! This is the 13th year for this event and we encourage you to come down and join in the fun!

The First Congregational Church of Etna will hold its annual Oktoberfest on Saturday, September 22 from 4 p.m. to 7 p.m. It will be an indoor and outdoor event with live entertainment.

Dinner will feature roast pork and a selection of German side dishes.

Cost is $10.00 for adults and $5.00 for kids.

Make it a full day in Etna ... come for the dinner, and then stay for the Art Tour!
CODE, BUILDING AND ZONING NEWS

As a reminder, grass and weeds are to be no higher than six (6) inches. Remember, you are responsible for the maintenance of your entire property, including the sidewalk.

All OPEN BURNING must be done in compliance with the Allegheny County Health Department regulations. They are enclosed AGAIN and are on our website, www.etnaborough.org. If you feel someone is in violation of these burning regulations you can file a complaint with the Health Department by calling 412-687-2243. This is a 24-hour complaint line. All air pollution related complaints – not just wood smoke can be reported. Fines can begin around $250.00 and can increase with repeated non-compliance. Learn more at burnfactsallegheny.info.org

Don’t forget, if you are considering a swimming pool, fence, wall or accessory structure, you probably need a zoning permit. Anytime you are making structural changes both a Building Permit and Zoning Permit are required. This also applies to any swimming pool over 24 inches in depth. Your best course of action is to call first – before you start or your contractor starts any project to insure you are in compliance with the borough’s regulations. These are available online at www.etnaborough.org under the Forms section.

2018 FALL LEAF COLLECTION SCHEDULE

The Etna public works department will use its vacuum truck to clean up leaves that are placed at the curb by residents. The cleanup will begin Monday October 1st and end November 23rd. We recommend that the leaves are placed at the curb, prior to 7 a.m. and your vehicle is clear of the area. The day your collection will take place as follows:

Monday: Bittner Street area
Tuesday: Dewey Street and Vilsack Street area
Wednesday: Pine Street to Walnut Street and all connecting roads; Kittanning Street and Griesmere Street area
Thursday: Parker Street and Washington Street areas
Friday: Cherry Street and Sycamore Street area

This is a tentative schedule that may differ if we encounter delays due to large quantities of leaves. Due to the fact that our trucks need to be converted over for snow removal, our final collection will take place the week of November 23rd. Any leaves placed out after November 23rd will not be picked up.

POLICE DEPARTMENT NEWS

The Joint Bicycle Rodeo was a successful event this year at Kiwanis Park and over 130 helmets were given away. We thank Etna and Millvale Boroughs, Shaler Township, Shaler-Hampton EMS, Walk-Bike-Shaler, Scholl’s Bicycle Center in West View, and all of our sponsors who made this event possible. We also thank all of you for attending. Just a reminder that many children will be out playing and riding bikes in the community, so please be cautious when driving. Parents, please take this opportunity to discuss safety issues with your children including stranger danger and bicycle safety. It is against the law for a child under 12 to be riding a bicycle without a helmet. If a helmet is needed, please contact the Etna Police department. Bicyclists need to yield to pedestrians on the sidewalk and they should not be on sidewalks in the business district.

Please welcome new part time police Officer Shane Brunner. He was sworn in at the June Council meeting.

The Etna Police conducted a Click It or Ticket detail from May 14th through June 3rd. Officers were required to do 50% nighttime enforcement. With this program 87 citations were given out, which included 20 seatbelt citations, 9 speeding, 3 improper turns, 19 traffic control/signs/signals, 5 driving under suspension, 3 failure to have insurance, 26 other miscellaneous citations, 1 DUI and 1 other arrest. In all 73 vehicles were stopped. Please remember to buckle your seatbelts, it is the law.

We remind all residents to be diligent in safeguarding your belongings by keeping all doors and windows to your vehicles and homes locked and by securing or concealing all valuables. If you will be away for an extended length of time, please ask a trusted neighbor or the Etna Police Department to keep an eye on your property. In protecting your personal safety, be wary of door-to-door solicitors. The Borough or Etna prohibits door-to-door solicitation in residential areas without a permit. Notify the police immediately by calling 911 if you notice ANY suspicious activity, especially concerning vacant properties, or with regard to our elderly neighbors.

Beware of phone scams, usually if it is too good to be true, it is. Please do not give out personal information to anyone over the phone. There is an increase of this activity in the county. If someone is requesting or demanding money, that should be a red flag. Please notify Police immediately should you get a call of this nature.

ALLEGHENY COUNTY VACANT PROPERTY PROGRAM

Etna Borough participates in the Allegheny County Vacant Property Program. Through this program, you can obtain either a vacant lot or a vacant structure that has at least three years of tax delinquency. Applicants must be current on taxes, water, sewage, and refuse bills on all properties owned in Allegheny County. They also must not have any outstanding code violations or municipal liens on all properties owned in Allegheny County. Because at least 51 percent of Etna’s households are low to moderate income, the acquisition costs will be partially underwritten subject to funding availability. You can find the application, guidelines and more information at etnaborough.org or by calling the office.
ETNA RAMBLINGS

We would like to give a shout to resident Norma Hufnagel, the Shaler North Hills Library and the Shaler Police Department for their Drug Take Back event held earlier this spring. A total of 569 pounds of medication was collected during that event! What a great way to get rid of unwanted, unused and even outdated medication in a safe and environmentally friendly manner! There will be another collection this fall, watch for posts on our Facebook page and website.

Don’t forget, the week of Labor Day, trash pickup will be one day later and will be picked up Saturday, September 8th instead of Friday.

ALLEGHENY COUNTY LEAD SAFE HOMES PROGRAM

Allegheny County provides FREE services of lead-paint testing and free home repairs to keep families safe from lead paint. The program will test for lead paint throughout your home and identify all areas that may be dangerous. You will receive one-on-one education on lead-poisoning prevention and maintaining a lead-safe home. If areas of your home are identified as having lead paint, the program will hire a Certified Lead Abatement Contractor to repair all lead hazards found. Examples of repairs include: repairing and repainting chipping and peeling lead painted surfaces, window and door repair or replacement, and enclosing exterior trim and components. Once the work is done, a visual inspection and testing will be performed to ensure your home is lead-safe.

To qualify for this program you must be a homeowner or renter in Allegheny County living in a home built before 1978, with either a pregnant woman living in the home, or a child under the age of six who lives in or regularly visits the home. The annual household income also needs to fall below a certain limit. A family of 2 must have an annual household pre-tax income of $46,500 or under; family of 3 must have an annual household pre-tax income of $52,300 or under; family of 4 must have an annual household pre-tax income of $58,100 or under; family of 5 must have an annual household pre-tax income of $62,750 or under; and a family of 6 must have an annual household pre-tax income of $67,400 or under. NOTE: The use of this program and its services will not impact any assistance programs, such as SNAP, that you may be enrolled in and the cost of home repairs will not be added to your annual income.

This program is specific to children with under six years of age as lead is most dangerous to this age range because their brains and nervous system are still developing. When they put their hands and other objects in their mouth, they can swallow lead-paint dust, which can be invisible to the naked eye. There is no safe level of lead; even low levels of lead in children’s blood can result in behavioral and learning problems, lower IQ, hyperactivity or hearing problems. Lead can cause premature birth for pregnant women.

For more information, or to apply for the program, call the Allegheny Lead Safe Homes Hotline at 412-227-5700, email alleghenylead@actionhousing.org, or visit alleghenycounty.us/leadsafeprogram.

ALLEGHENY COUNTY’S REQUIRED LEAD TESTING FOR CHILDREN

Effective in 2018, Allegheny County requires that all children be tested for lead exposure at approximately 9 to 12 months old and again at approximately 24 months. Children who have not had their blood tested before 24 months must be tested as soon as possible before the age of six or before entering kindergarten, whichever comes first. The testing is done by the child’s doctor who will prescribe either a capillary test (blood drawn by a “finger stick”) or a venous test (blood drawn from the arm). If your child has high lead levels, the Allegheny County Health Department can provide education, referrals, and advice to lessen the risk of lead exposure, as well as access your home to figure out the source of the lead exposure. For more information contact your family physician or the Allegheny County Health Department’s Housing and Community Environment Program at 412-350-4046 or visit www.achd.net/safehomes.

SUSTAINABILITY CORNER

Enclosed in this newsletter is a Sustainability Survey with seven questions to be returned to the Borough Office either in person or by mail. The Borough address is 437 Butler Street, Pittsburgh, PA 15223. If you prefer to fill this out online and “go paperless,” the survey can be found at https://www.surveymonkey.com/r/H2ZPK2Q. This survey is being conducted as part of the Etna EcoDistrict Education Series, as well as to fulfill actions for the Sustainable Pittsburgh Challenge. The Etna EcoDistrict is currently in the educational phase, with five Community Meetings happening throughout the year on six topics: Water, Air, Mobility, Energy, Food, and Equity. The schedule with these meetings dates and times is also included as an insert in this newsletter. This survey will provide the Borough, the Etna Community Organization (ECO) and EvolveEA, the EcoDistrict leaders, with a better idea of what you, as a resident, wants to know more about, how to provide you with that information, and what you already know about sustainability.

The Sustainable Pittsburgh Challenge is held every year by Sustainable Pittsburgh for any municipality, business (large or small), or organization that wants to participate and work to become more sustainable. There are numerous actions that can be completed by participants to earn points, with winners declared at the end of each year. One such action is completing a sustainability survey to see what residents already know about sustainability and concerns they may have, so the Borough can work toward making our community an even better place to live and work! Not to mention win the challenge!

For more information on this survey, the EcoDistrict, or the Sustainable Pittsburgh Challenge, please reach out to Jessica Jankowski at the Borough Office at jankowski@etnaborough.org or call 412-781-0569.
**BUSINESS NEWS & NOTES**

**The Shiny Bean Coffee & Tea,** located at 333 Butler Street is now open! The shop offers Coffee, Tea, Light Meals, Snacks, and a Gathering Space for all to enjoy. The hours are Monday through Thursday 6:00 a.m. to 6:00 p.m., Friday and Saturday 6:00 a.m. to 8:00 p.m., and Sunday 7:00 a.m. to 5:00 p.m.

**Kiya Tomlin Work/Shop,** located at 388 Butler Street. With a need for expansion, Kiya Tomlin will be relocating her clothing boutique from East Liberty to Etna! Her vertically integrated design and retail concept will allow her to oversee all aspects of the brand, from design and construction to customer interaction, all under one roof. Kiya Tomlin Work/Shop is now open! Come shop the latest collection and see how we design and craft our garments in house.

**Porky’s Bar and Grill,** formerly, Porky’s Plain Old Bar, located at 34 Bridge Street. The bar is changing its name as it has two new owners! They will have 28 constantly rotating craft and domestic taps. They are bringing in Chef Norman whose signature sandwich is the Stormin’ Norman. In addition to the menu changes they will be offering a daily smoker special. For more information and to stay up to date with all their events and specials, go to [www.porkysbarandgrill.com](http://www.porkysbarandgrill.com) or to their Facebook page, Porky’s Bar and Grill.

**B Parlor,** located at 617 Butler Street. A new small trendy salon offering the newest color techniques and hairstyles is now open! The owner has twelve years of experience and her husband is a City fireman. They are excited to be in Etna.

**FORTH ANNUAL ETNA ART TOUR**

The EEDC’s annual Art Tour will be held Saturday, September 22 from 6:00 p.m. to 10 p.m. along Butler Street as part of the 150th celebration! The event opens this year with the unveiling of the Shaler High School students’ mural on the old Tippins plant on Butler and Bridge Streets. These students will also have their artwork on display along the walking path through the warehouse to 448 Studios. Live music returns with three bands: Zack Keim from Nox Boys, Molly Alphabet, and Meeting of Important People. The stage will be set up in the center of the event, near Amato’s and Big Mike’s just like last year.

Jeff Hanna from CoStar Brewing, soon to be located here, and Nick Weiss and Chad Jockel from Porky’s Bar and Grill will cohost a beverage tent. Scott from E Town will be providing a food truck with Chicken Tenders and other fried foods.

**ETNA CARNIVAL SUCCESS!**

The EEDC is happy to announce that its second year sponsoring the Etna Carnival.....a long lived Etna tradition.....was an outstanding success! Despite the rain on Wednesday and the intense heat and humidity, the carnival was thoroughly enjoyed by many! Thank you to all who attended and enjoyed the carnival rides, games, bingo, food and entertainment.

There are many people whom the EEDC would like to thank.

First and foremost special thanks is owed to the Etna Volunteer Fire Department who donated the use of Fugh Hall and provided Fire Police to assist with public safety for the event. Many thanks to the volunteers from the Etna Neighborhood Association who ran the Bingo games each night. The EEDC is also grateful to the chefs, restaurants and churches that hosted delicious family dinners in support of the EEDC and helped to foster a sense of community togetherness. Meals were served by Cop Out Pierogies, City Gourmet, Porky’s Plain Old Bar, Emmanuel Lutheran Church and First Congregational Church. Thanks also needs to go to the Etna Police and Public Works Departments for their assistance, as well as the many Volunteers who helped man the booths and sell tickets of chance who were not members of the EEDC!! Thanks to all for helping make this family event possible!!! This is just one example of what makes Etna such a wonderful place to live and work!!!!

**FARMER’S MARKET**

The Etna Farmer’s Market remains open through October 25 on Thursdays from 3:00 to 6:30 P.M., on Butler Street across from the Municipal Building. Each week, Dillner Family Farms provides freshly picked fruits and vegetables as well as their own raw honey and fresh cage free brown eggs. The market also features a variety of other vendors selling an array of prepared foods. Gyros, Baklava, spinach pie, baked goods, sausage, hot dogs, spiced pretzels and specialty spiced foods can be found there as well as spices for your cooking needs and a wonderful selection of children’s books!

**SHALER AREA SCHOOL DISTRICT NEWS**

Shaler Area School District will kick off the 2018-19 school year in August. The orientation day for Kindergartners, and students in grades 4, 7 and 9 is on August 28. The first day of school for all students is Wednesday, August 29. Check with each individual school for specific sneak peek open house events scheduled prior to the first day of school. The 2018-19 school year will celebrate the opening of Scott Primary School, which will house students previously in Rogers and Jeffery Primary schools. Check the website for information on the ribbon-cutting ceremony and public open house events. There is still time to register for Kindergarten. Children who will be 5 years old ON or BEFORE August 31, 2018 are eligible to attend Kindergarten. Registrations are accepted at the Shaler Area Administrative Offices at 1800 Mt. Royal Blvd. daily from 7 a.m. to 12:30 p.m. and 2 to 3 p.m. Registrations will not be accepted without two proofs of residency (i.e. utility bill or driver’s license; cell phone statements are not acceptable), the child’s original birth certificate and a current copy of the child’s immunization records, including proof of lead level blood testing. For more information or to print a registration packet online, visit the SASD webpage: [www.sasd.k12.pa.us](http://www.sasd.k12.pa.us). For specific registration questions, call 412-492-1200 ext. 2813.
